Bringing You Home

Lake Village Estates, LVE Manufactured Homes, and Senior Home Remodels in conjunction with Silvercrest Homes presents:

LET'S REBUILD LAKE COUNTY!

This seminar will be an informative gathering featuring the resources you may need to begin the process of replacing your home.

We understand this has been a trying and heartbreaking time for many. We would like to minimize the complexity of the recovery by offering a “one stop shop” to all the fire victims. We will have on hand several people available to provide information and answer questions you may have.

This seminar will be focused on Manufactured Homes.

Dena Barron of LVE Manufactured Home Sales and owner of Lake Village Estates will provide information regarding the products available and the process of purchasing your new home. She will assist you from the start to finish.

Tony Paskaly of Senior Home Remodels Inc (contractor license #865232) and owner of Lake Village Estates will provide information regarding all aspects of the rebuilding of your new home. This will include information relating to working with the state and county agencies, pulling permits for homes, lot placement, installation, and more.

Steve Harwood Sales and Marketing Manager of Silvercrest Homes will provide a presentation on how the homes are built and what Manufactured Homes have to offer. This will include all product specifications, such as the fire prevention Wildland Urban Interface materials and other great attributes offered.

Kim and Bob Topping from Triple B Transportation will be here to discuss the process of transporting your home from the manufacturing plant to your property. They will work directly and personally with you to assess your property in order to bring your home there safely.

Tom Lincoln owner of Lincoln-Leavitt Insurance- Tom has been in the insurance business in Lake County since 1977, and his agency provides numerous insurance products for local businesses and families. He will provide the local and knowledgeable input regarding the insurance side of recovering and rebuilding.

Barbara Stella from Century 21 will be here to provide information about relocating, including options available in the senior community of Lake Village Estates.

We look forward to seeing you at this event.
